

SLASH YOUR SMOKE ALARM MAINTENANCE CALLS **BY UP TO 99%**

GT High Performance smoke alarms can be silenced with any existing remote control in the home.

GT smoke alarms are a game-changer for tenants and property managers – dramatically reducing the number of maintenance requests for smoke alarms going off. The time and money you can save with GT smoke alarms could be huge.

When you burn the toast, silence the smoke alarms with your TV remote!

Smoke alarms that tenants can silence with any existing remote control in their home.

To dramatically reduce maintenance calls from your tenants – instruct your smoke alarm company to only use GT High Performance smoke alarms and watch your maintenance requests plummet.

GT Smoke Alarms – Exclusively available from SafetyEx.
