

## ETLP0104 Mini Long Nose Pliers

Major Tech's Mini Long Nose Pliers, crafted for precision in confined spaces. These pliers are ideal for cutting wires and are invaluable for electronic and robotic equipment work. With precision machined jaws made from high-grade carbon steel, these pliers ensure accuracy and durability. The compact design, with a length of 120mm and a 35mm jaw size, allows for easy maneuvering in tight spaces. The non-slip, softgrip handles provide a comfortable and secure grip, while the spring-loaded return enhances efficiency. Whether you're navigating intricate electronic components or handling delicate tasks, these Mini Long Nose Pliers are a reliable choice for precise and controlled work.

### Features

- Mini Long Nose Pliers ideal for confined spaces
- Ideal for cutting wires and will come in handy with most electronic and robotic equipment
- Precision machined jaws
- High grade carbon steel
- Non-slip, softgrip handles
- Spring loaded return
