

HSA0306 150mm Adjustable Hacksaw

Major Tech's 150mm Adjustable Hacksaw, a versatile and reliable tool designed for precision cutting of metal or wood. Equipped with a high-grade High-Speed Steel (HSS) blade, this hacksaw ensures efficient and clean cuts, making it an essential addition to your toolkit. The hacksaw is fully adjustable, offering three different angles to accommodate various cutting requirements. Its comfortable moulded handle allows for extended use without causing discomfort or fatigue. The adjustable blade tension ensures optimal performance, and the strong aluminum construction enhances durability and longevity. With a length of 260mm and a 150mm blade, our Adjustable Hacksaw provides the flexibility and control needed for a range of cutting tasks. Whether you're working on metal fabrication or woodworking projects, this hacksaw delivers precision and reliability for your cutting needs. Upgrade your toolkit with the efficiency and versatility of our 150mm Adjustable Hacksaw.
