

## SL518 Multi Core Solder

Major Tech's Multi-Core Solder offers a transformative solution for your soldering needs. Specifically designed to extend the lifespan of your soldering iron by up to 10 times, this coil solder contains a balanced 60% tin and 40% lead composition. Conveniently supplied in a 1.0mm size and 18g weight, it's housed in a user-friendly dispenser for effortless access. Its multicore structure ensures both efficiency and durability, while the 2% flux content promises smooth and precise soldering. Whether you're a professional or an avid DIY enthusiast, this solder in a 20g Sn60% and Pb40% format is the ideal choice for accurate and efficient soldering tasks.
