

## VSS RANGE Insulated Sockets

Major Tech's 1000V Insulated Socket Set, meticulously designed for secure and efficient use on live conductors up to 1000V AC. Each socket in this set has undergone rigorous individual testing to 10,000V and adheres to the high standards of the IEC 60900. Crafted from durable Chrome vanadium steel, these sockets are built to last. The metric head design ensures compatibility with various applications, making it a versatile addition to your toolkit. Choose the VSS series for reliable and safe performance in electrical work. Available in different sizes, each socket is engineered for optimal functionality, providing you with the precision and safety you need.

### Features

- Fully insulated for use on live conductors up to 1000V AC
- Individually tested to 10 000V
- Chrome vanadium
- Conforms to EN 60900 standard
- 1/2 inch size (12.7mm)
- Metric head
