

SafetyEx

**MORE WORK,
MORE PROFIT**

REGISTER AS A PARTNER

**INVITATION TO BECOME A SAFETYEX APPROVED INSTALLER
YOUR OPPORTUNITY TO ENJOY MORE WORK,
HIGHER PROFITS AND COST SAVINGS. AND YOU
CAN DO THIS FOR FREE.**

SafetyEx does not install or service smoke alarms – we manufacture and sell GT High Performance smoke alarms. We will have thousands of residential customers needing their smoke alarms installed.

This is a huge opportunity for you to not only install smoke alarms but to then provide additional high-profit work needed by our (your new) customers.

APPLY NOW >

**BECOME AN APPROVED INSTALLER AND
ENJOY THESE BENEFITS:**

- You will enjoy additional, profitable work
- You will appear on our website as an Approved Installer
- We will actively promote you to our customers in your area
- You can use our Approved Installer logo in your marketing
- We will use your services for warranty work
- We will pay you in less than 7 days for all work performed for us

**THERE IS NO COST TO BECOME OUR APPROVED
INSTALLER IN YOUR AREA**

**HIGH PERFORMANCE
SMOKE ALARMS**

**GT HIGH PERFORMANCE SMOKE ALARMS CAN
REDUCE FALSE ALARMS BY UP TO 99%**

SPLIT SPECTRUM TECHNOLOGY

GT High Performance smoke alarms feature our exclusive split spectrum technology, combining a traditional photoelectric sensor with a blue LED sensor.

This dual-sensor technology detects various particle sizes, distinguishing between smoke, dust, and vapour, significantly reducing false alarms caused by steam, dust, and humidity.

REMOTE SILENCING

*When you burn the toast,
silence the smoke alarms with
your TV remote!*
