

Insulated Mat Kit Class 0 1000V AS/NZS IEC 6111 - Volt Safety

The Electrical insulated mat isolates the operator from the ground and protects the worker from ground potential.

Convenient mat roll-up carry bag protects insulated mats and extends the life of your insulated mat. Protects your insulated mat from foreign objects that can damage the integrity of the insulated mat. Insulated mats can be rolled into this bag, which reduces the storage space required. The bag comes with a strong carry strap.
